Last October we forwarded to each of our member contractors a complete copy set of the newly finalized collective bargaining agreement (CBA). This included instructions for individual employers to sign and return the signature page (page #23) to the union. In light of all the changes that have happened at the local during this year we have been requested to forward to you a slightly changed signature page for execution. This page has been resigned by William Candelori. As you can see it is requesting some further information beyond what the original signature page had. The revised signature page has been reviewed by the chair of the negotiating committee.

Either the original signature page or the new signature page should be signed and returned to the district council. If you have already signed the original signature page, it would be appropriate to provide the additional information the union is requesting and forward it to them.

If you have any questions concerning this matter please feel free to call either Al Reynolds (973-366-5000) or myself.
